The railroad company furnishes water and also the power. The main pipe will extend from railroad track to the street south of Slaters' grocery store, and will be put down on the west side of the street, and eight feet from the sidewalk. Work will begin as soon as the frost is out of the ground.

A fire at Cunningham, Sunday night, destroyed most all the business buildings on the east side of the main street of the town. It began in Lees Matthews' tin shop at half past eleven o'clock, and burned Gould's dry goods and grocery store, in which was the post office; also his jewelry store; the store of O. Severance, restaurant of L. A. McCain and Dr. U. T. Greene's hotel, the Central House. We understand Dr. Greene had no insurance.

When a roselod is formed, if the sky is genial it is not long before it bursts, for the life within is so abundant that it can no longer contain it all, but in blossomed whiteness and swimming fragrance it must needs let forth its joy, and gladden all the air. And it, when this is ripe, it refused to expand, it would quickly not at the heart and die. And Christian charity is just plait with its petals fully spread, developing itself and making a happier world. The religion which fancies that it loves God when it never evinces love

to his brother, is not piety, but a poor misdirected theology—a dogma with a worm in its heart.—Brother Jewell, in Carrollton Democrat.

A special telegram from Lebanon, Laclede county, Missouri, to Monday's Globe-Democrat states that while John Mays, who is the son of Wm. Mays, a farmer residing about 18 miles north of Chillicothe, was "cheating" his way on the St. Louis & San Francisco railroad, last Saturday, he was kicked from the platform of the car by a brakeman while the train was running at full speed. His leg was broken above the knee by the fall, and he lay there all night, nearly freezing to death. In the morning he signalled a freight train that was passing and was taken aboard and taken to Lebanon, a few miles distant from where he was injured.

His father was in Chillicothe yesterday and heard of the accident to his son. He returned home, but said he intended to go after him.

That Oklahoma and Kiowa boomers may know what they will have to contend with, we copy the following from the Caldwell (Kas.) Journal:

Bud Anderson and a friend roped a mountain lion in the Territory eight miles north of Camp Supply about two weeks ago. The "scraper" had been killing cattle, stealing the dogs and chasing the boys, but that time tackled the wrong party. It was eating a calf it had just killed when the boys rode up on it. These rangers were instantly swung into shape and Anderson's rope fell fairly around the lion's neck. A sudden halt of the pony landed the lion on his back. Instantly regaining his feet it bounded through the air straight at the riders' heads. Then began the exciting part of the show; the lion trying to get its fangs into the pony's neck, the rider trying to keep clear of the "varmint." Twenty or thirty minutes of this sport gave the other wayward changes to get his rope fairly over the lion's neck, when the fight was ended by striding the animal out between them at the ends of the ropes. It measured eleven feet from tip to tip. Mr. Cusum is our authority for the above as given him by the boys.

The School Commissionership. From the Chillicothe Tribune, March 18th.

Elsewhere in this paper we publish a somewhat signed call, asking Robt. Dixon to allow his name to be used as a non-partisan candidate for county school commissioner of this county; and Mr. Dixon's reply, consenting that his name may be used.

The names signed to the call represent men of all parties; and their good standing in an assurance to those not acquainted with Mr. Dixon that he is worthy and well qualified and will, in the opinion of those who know him best, make a good and faithful official.

It will be seen that quite a number of those who sign the petition are residents of the school district where Mr. Dixon has taught four terms of school; and they represent all parties. This is as good a guarantee as could be had, that his scholarship and good standing are of the very best.

The call expresses the sentiment that our schools ought to be kept out of politics. Every man who appreciates the importance of public schools will agree with this sentiment. The Democratic county committee made a great blunder in making Mr. Henderson a party nominee; and nobody sees this blunder more clearly than Mr. Henderson himself, for he is taking great pains to go over the county and explain to the people that he is not making a partisan race. But he cannot make any other kind of a race, while he is strictly the nominee of his party. If he were elected his party would claim it as a party victory and try to make political capital out of it.

Fortunately there is no likelihood of his being elected. The people are interested in taking the public schools out of politics, and will accordingly vote for Mr. Dixon as a non-partisan candidate. He is eminently qualified for the position in every respect, and will make an able, diligent and efficient commissioner. He is a school teacher by profession, and hence is peculiarly interested in the success of our schools. We do not hesitate to commend him to the cordial support of all who feel the importance of maintaining the high standard of our public schools.

Chillicothe Ahead. Tuesday, the contract for building the new court house at Maryville, Oklahoma county, this State, was awarded to Messrs. Switzer, Richards & Nesbit, of this place. Theirs was the lowest bid by \$97,121—a close shave. Mr. S. Palmer, of this city, also knocked the persons on the tin and slate work, which is about \$3,000. Messrs. Switzer, Richards & Nesbit having awarded him the contract. The building is to cost \$32,957.87.

For Sale, the Brunswick News. A fully equipped newspaper and job office. Most of the material and recently purchased from the factory and all as good as new. Will dispose of the paper, good will and material, at an undoubted bargain to an early purchaser. Satisfactory reasons given for desiring to sell. Any one wishing a good newspaper property, at much less than its real value, should embrace this opportunity to acquire it. Terms made known upon application to the proprietor.

Greenback Township Convention. A mass convention of the Greenbackers of Chillicothe township will be held at the City Hall, Monday, March 23, 1885, for the purpose of nominating candidates for township officers. If order of

TOWNSHIP COMMITTEE.

Youthful Chess Contestants. Charlie Boyd, of Chillicothe, aged 14, having been challenged by Master Joseph H. Tetterton, of St. Louis, and aged 16, to play a game of chess by means of postal cards, promptly accepted, and the game is now in progress.

The challenge was made through the chess department of the Globe-Democrat. We hope the "kids" will play "fast" and each fellow "win" on his own side.

75 Acres. The fine farm of 75 acres, well improved, of James Ryan, 1 miles southeast of Chillicothe, for sale, cheap, before March 1st. Apply to

PAUL J. DIXON, Chillicothe.

Avalon and Vicinity. From the Aurora, March 18th.

Avalon's mail comes now via Hale and high water.

Henry Kern and Miss Dora Mathews, daughter of "Squire" Mathews, of Ida, were married on Wednesday.

Sam D. Rober arrived from Council Bluffs, on Wednesday, to spend a fortnight with his parents.

Nathan Butler has sold his house and lot, northwest from the college, to Mr. Zerbe, for \$200. He will probably move to Georgia county.

Prof. J. M. Miller and wife, on Wednesday for Philomath, Oregon, where he will probably establish a newspaper in the interest of a college located there. His departure from Avalon was for the benefit of Mrs. M's, daughter-in-law, friends at this place wish them success.

Charles Daily, southwest three miles, accidentally took a big dose of morphine, first of the week. A job for the undertaker seemed apparent, but a swift messenger came to town, and getting a strong cough from Dr. Colver, the victim was vigorously treated and is alive.

Sunday morning, about 2 o'clock, the house of Mrs. Titch, 11 miles northwest of here, caught fire from a defective flue, and soon burned to ashes. A few papers and an organ were only saved. A valuable library of 125 volumes, and worth \$250, helped to make fuel for the flames. The property will be rebuilt, having been insured for \$500 in the Phoenix of Hartford. The family have the sympathy of the community.

What say ye, my countrymen, from Avalon to Hale? We are told that a telephone line could be put up for less than \$25 per mile, or at a total cost of about \$25. Mr. H. Batts, president of the Hale bank, says to put him down for one-fourth interest. He says the enterprise would pay for itself in less than a year. It certainly would be a grand accommodation for our business men and the community in general, and its erection would be the means of also getting an express office here. Work it up.

The cable boy, on Tuesday eve, at Howard's Hall, was a pleasant affair, and we are informed, some 35 couples were present, and many of them were attracted by messrs. Shields, Giddell and Drake. Harry Rober, Fred Howard, John Line and Frank E. Riley looked after the party's interests and bade all to "let joy be unfettered." Supper was served at that popular cafe, the Roberts, to 75 guests, and Cassander displayed his usual tact in providing it dishes for an epicure.

Messrs. Ollie Jenkins and Sadie Summerville, of Chillicothe, two charming ladies, were present, with Mr. Boyd

Shields. The Messrs. Minnie and Rohrer looked lovely at the hop in their diagonal calico gowns.

Will Dulaney, the young Apollo, and Miss Nellie of Hale, were among the most graceful dancers.

Medicine Township Items. MARCH 15, 1885.

Erron Cutiss—Spring is here. Saturday morning we had a light thunder shower.

Mr. Wm. Casey sold two hogs, last week; one nine months old weighed 315 pounds, and the other eight and a half months old, weighed 310 pounds. He sold three cows for \$105.

Mr. Boley has received word from his children at last.

Orin and George Castor started from here the 23d of January. In a wagon for Dakota, and made the trip in sixteen days.

Mr. David Turner, of Evansville, died, last Thursday, of pneumonia. He was sick three days. He was the proprietor of the hotel at that place.

We have just received the news of the death of our stepdaughter, in Alledo, Illinois. Mrs. Mary Caldwell, of consumption. Aged thirty-five years. She has been a patient sufferer for sixteen months, but was reconciled to the will of God and calmly gave full directions for her burial and all her worldly affairs. Her maiden name was Mary P. Longwith and was formerly a resident of this place, where she had many warm friends who will feel sad at her early death.

With us through life's mazes

Our loved one hath left us. But only gone home.

And now she is singing

With the angels throng, With voices like the psalms To some pleasant song.

Agave we will make her

Adorn in our hearts, Whose sanctified never From us can depart.

We'll watch it most fondly.

We'll guard it with care, And hope a cheering rainbow Shall rest on it there.

MORE.

Jackson Township Greenbackers. We are requested to announce that the Greenbackers of Jackson township will meet at Springfield, on Saturday, March 21st, to nominate candidates for township officers.

Hale City Items. From the Hale City Times.

Judge J. A. Clark, of Chillicothe, was here on legal business, Tuesday.

Miss Nanette Williams, who has been here on a visit to her sister, Mrs. W. T. Dixon, returned to Chillicothe, Monday morning.

H. C. Kendaer, of Chillicothe, was here, Tuesday, looking for a location in which to engage in general merchandising. We think Hale is the place for him.

Last Thursday night some unknown party fired a shot in the residence of George Burnettes. The bullet striking the door—going and just missing the head of Vest Burnettes, who was in the room at the time. George Burnettes is a shot gun and went out into the yard to look for the would-be assassin and saw a man running behind a pile of wood. Mr. Burnettes fired at him, but without effect, as no traces of the man could be found a few minutes afterwards.
